CONSTRUCTION UNDERWAY — Workmen emplace steel framework on the foundation of one of the buildings in the new Wilson Grain Elevators on East First St. Steel workers have already erected 48-foot metal storage bins. The $147,000 project is due completion in November. An elevator 90 feet high is planned and total bin capacity will be about nine millio npounds.

Voters Approve Parking Meters In Tuesday Election, 422-103

525 Total Votes Cast Here; Council Approves Bid Delay

City voters Tuesday affirmed the use of parking meters in Cameron with a 422-103 vote in favor of keeping them.

The total vote of 525 was heavier than predicted by some observers. A heavy influx of city voters pushed the total up late in the day at the City Hall polls.

The four-to-one vote favoring the meters was heaver than expected by some officials.

The council checked over the vote count and officially approved the findings in a council meeting Tuesday night.

The council had called for the vote May 21. They said the public had never received an opportunity to vote approval or disapproval of the meters several years ago after they were installed.

The vote was almost exactly half of the eligible voters, according to city officials.

New Bid Delay

In the council meeting Tuesday night, city fathers agreed to accept a second delay on the date for opening bids on the city filtration plant.

The new date was set for 2 p.m. August 20. The Joe J. Rady Co., Fort Worth engineers, asked for the delay to complete work on the plans and specifications for the project.

Councilman Charles Brady pointed out that the delay was the second since June. The original date was during July, but was postponed until August 6 due to the death of D. W. Robinson, engineer working on the project.

The council also approved a motion to give Richard Williams, city real estate representative authority to negotiate an option to buy all or part of property east of the city for the new plant.

Councilmen agreed that cost of the trickle system would determine how much land the city would need for the filtration plant. The trickle system requires only a few acres, but is more expensive to build and operate.

The alternative lagoon system, they said, requires more land.

Consider Weed Law

The council considered calling for a weed ordinance to be drawn up by City Atty. W. C. Black that would provide enforcement measures to keep vacant lots cleared of weeds here.

City Secretary Wayne Wieser read a weed control ordinance passed last week in Rockdale.

Action was deferred until City Fire Marshall John Eanes has contacted all parties whose lots need clearing.

The Rockdale ordinance provided for stringent measures to enforce clearing lots which are considered health and fire hazards.

Court Denies Weems' Request For Injunction

District Judge O. D. Graham Tuesday denied Mayor Robert Weems request for a temporary injunction to stop emplacement of a 16-inch waterline on South Washington St.

Counsel for Weems, Charles C. Smith, Jr., announced plans to appeal the decision to the Court of Civil Appeals, Austin.

Weems had been granted a 10-day restraining order July 5 in district court when workmen neared the disputed property on South Washington.

The restraining order followed city council action two weeks ago ignoring a request from Weems for a $2,500 settlement for the narrow strip of roadway. Weems also had asked $50 more per day from the date his attorney talked to City Atty. W. C. Black, June 22.

Black, E. B Camp and Don Humble represented the city in the hearings.

In hearings Monday and Tuesday Weems and City Secretary Wayne Wieser appeared to ascertain facts in the dispute.

The first hearing Monday morning was postponed when Weems filed an amended petition shortly before the hearing was to begin.

Tuesday Weems filed a new petition asking for a stop-work order until the appeal was heard in Austin. Judge Graham also denied the second request.

Workmes completed emplacing the pipe along the disputed roadway Wednesday.

T&NO Requests OK To Abandon 50 Miles Of Rail

The Texas and New Orleans Railroad Company has filed application with the Interstate Commerce Commission in Washington for authority to abandon approximately 50 miles of its line between Giddings and Cameron.

Announcement that the application has been filed with the Interstate Commerce Commission was made Wednesday by R. de Waal, general manager of the railroad in Houston.

DeWall said that changes in economic conditions, particularly as they affect transportation, have resulted in this line being operated at a substantial loss over the past several years.

At the same time wages of employes and cost of materials required in the maintenance of the road have steadily increased. These losses, he pointed out, are now amounting to more than $100,000 a year in operating the line between Giddings and Cameron.

The Texas and New Orleans Railroad, he said, has been accepting these losses with the expectation that possible future industrial development in the area would produce sufficient traffic to make the operations pay. However, he emphasized, the opposite has been true.

DeWaal said that the T&NO will continue to provide freight service between Cameron and Waco as well as into and out of Giddings over lines not affected by discontinuance application.

GRAND KNIGHT DR. JOHN BOYCE

Kof C Lodge Installs New Officers Here

New officers for the Knights of Columbus, Cameron Council No. 2338 were installed Thursday night.

They are grand knight, Dr. John Boyce; deputy grand knight, Joe Humplik; chancellor, Charlie Burke; recording secretary, James Vessels; treasurer, Frank Heitman; financial secretary, Paul Dillon; advocate, August Marek; warden, Pate Susik; inside guard John Gilner; outside guards, John Reisner and August Helpert, trustee, Ralph Michalka; lecturer, John C. Andres.

Grand Knight Boyce appointed the Rev. Leonard Buxkemper as chaplain.

District Deputy Fred Joseph, Taylor, was in charge of the installation ceremonies. He was assisted by E. H. Boedeker of Cameron.

Grand Knight Boyce announced that plans have been made for the annual public picnic Sunday, August 25 at the K of C Hall. A Barb-que dinner and supper will be served, he said.

There will be music, games and other entertainment during the afternoon and evening, and a dance at night.

Boy Scout Troop 52 will be selling tickets for the picnic starting Monday for 10 days. The troop will receive 10 percent of sales. Members will sell tickets after the Troop sales are complete.

Attendance Heavy At Baptist Revival, Rev. Russell Says

The Rev. Aubrey F. Russell, pastor of The First Baptist Church reports that the attendance at the revival is the best he has seen since he came to Cameron.

The revival will continue through Sunday with the morning services at 7 o'clock and the evening services at 8.

The youth church orchestra under the director of Jimmie Asher will begin playing at 7:45 each evening.

The pastor announces sermon subjects for the evening services as follows:

Thursday - "Christ The Interrogator," Friday - "Inexorable, Universal Laws," Saturday - "Why I Am A Christian," Sunday A.M. "Life's Greatest Question," and Sunday p.m. "Where Will You spend Eternity".

The public is invited to attend revival services.

Editor Purchases Interest In Herald

Frank M. Luecke, managing editor of The Cameron Herald since April 1, has purchased an interest in the Cameron weekly.

Don Scarbrough and John Cardwell, publishers, sold Luecke a major interest in the operation this week.

Luecke and his wife, Jan, joined The Herald staff three and one-half months ago. Mrs. Luecke is in charge of society and classified advertising.

The Luecke's came to Cameron from Grand Prairie where they managed the Grand Prairie Banner, a semi-weekly. They reside at 1505 N. Cleveland St.

"We sincerely appreciate the friendly welcome Cameron residents have given us." Luecke said. "It is our foremost ambition to give Cameron a constantly improving newspaper, one that will meet with the approval of Herald readers everywhere.

Luecke is a graduate of the School of Journalism, University of Missouri while Mrs. Luecke is a graduate of Stephens College, Columbia, Mo.

Parade To Kick Off Horse Show Here This Week-End

Texas Rangers will lead the Cameron Saddle Club parade 5 p.m. Friday that will kick off a big two-day horse show and riding contest in Cameron.

Rangers Dudley White and Trenton Horton, Headquarters Co. will head about a 40-unit parade in downtown Cameron that will include about 20 riding clubs from around Central Texas.

Riding competition will follow at 6:30 p.m. at Yoe High School Athletic Field for Shetland and Palomino halter classes and 12 performance classes.

The third annual Cameron Quarter Horse Show, sponsored by the Cameron Saddle Club, will begin at 9 a.m. Saturday at Wilson-Ledbetter Park, M. C. Duncum, club president, told The Herald.

Top Show Ready

Expected to attract thousands in Cameron, parade and horse show will feature hundreds of outstanding quarter horses and riders, Duncum said.

The parade will include floats, new cars, Farm Bureau queen candidate car, the city fire truck and city police car. Sheriff Carl Black will lead the parade with the Rangers.

Riding clubs from Rockdale, Corsicana, Temple, Moody, Marlin, Waco, Lorena, Mart, Valley Mills, McGregor, Temple, Lott, Gatesville, Bremond, Robinson, Axtell, Clifton, Bryan, Meridian, Hewitt and Fairfield are expected to participate in the parade.

Riders from Louisiana and all over Texas have entered the various riding events.

The grand entry of all gaited classes will start 8 p.m. Friday at Yoe Field.

The quarter horse show will feature western riding, junior roping and reining and halter classes. Awards will go to the best riders and to top stallions and mares from one to four years of age, he said.

Roping, Reining Planned

The show will also feature junior and senior competition in geldings with a grand championship being offered to the winner. Senior roping and reining will follow at 3:30 p.m. Saturday at Wilson-Ledbetter Park.

Competition will continue through the day at the park, he pointed out.

At 8 p.m. the three top men in junior and senior reining and roping events will give an exhibition, Duncum said.

Competition in junior and senior cutting will also be held.

Twelve performance classes will compete Friday night at Yoe Field he added.

New Guard Armory Due For Cameron

Milam County's National Guard unit, Battery C, 649th Anti-Aircraft Artillery Battalion will get a new and modern armory in the near future.

The development became a certainty this week when Capt. James T. Terry, Battery C's commanding officer, was notified by the Texas National Guard Armory Board, Austin, that bids for the construction of the new building were being advertised beginning July 3 and would be opened on August 1.

According to the plans and blueprints, also sent to Capt. Terry, the new armory building will be 108 feet wide by 116 feet long. It will be of concrete and tile construction, except for the front, which will be of face brick.

It will have a drill hall measuring approximately 93 by 59 feet, and storage and supply rooms, locker rooms, a kitchen, classrooms and offices for the use of the Guardsmen.

Location of the new Armory will be on the 20-acre tract the National Guard owns in Cameron. It will adjoin the building used at present as an armory. That building will continue to serve Battery C as a vehicle storage building after the new armory is completed.

Weather Notes

Lowest extreme temperatures in the past two weeks were recorded Monday when the mercury hit a high 95 and a low 70. Average high temp has bees 97, average low 73.

City Schools To Open Tuesday, Sept. 3

The Cameron school board Thursday voted to begin the 1957-58 school year Tuesday, September 3, the day following Labor Day.

Supt. Wiley Loughmiller pointed out that it was the first time in recent years that school will begin after Labor Day.

The board also approved the Yarrellton-Cameron school vote and bond assumption. The vote was 32-1 in favor of the measures.

In a policy change, the board discontinued the grade practice of giving grade points in academic subjects for participation in Interscholastc competition.

Students in Yoe High School in the past had earned additional grade points for participation in interscholastic events.

The board also voted to send the YHS band on the Jaycee Brenham football train. The Jaycees have arranged for a special train to the September game for all YHS students and Yoemen grid fans.

But the board took under advisement the use of commercial busses for the band and athletic teams on distant out-of-town trips Loughmiller said.

The board also:

1. Approved sidewalk plans for Ben Milam and YHS Gym.

2. Purchased two rooms of furniture for YHS and one for Ada Henderson school.

3. Granted Kirk's Service Station low bid on petroleum products and service for the year on school buses. The low bid on gasoline was 26.8 cents per gallon. Five bids were received.

4. Granted Lone Star Gas Co. the bid on kitchen range for Ada Henderson School at low bid of $687.94.

Nelson Elected Head Of United Fund Drive

Directors of the North Milam County United Fund last week elected County Atty. Bob Nelson to direct fund-raising activities for the drive in 1957 and adopted new by-laws and constitution.

They met with Fund President Wiley Loughmiller at the city school superintendent's office.

Treasurer Hilliard Thomas reported that 83.48 percent of 1956 pledges were collected with one quarter remaining. He indicated that almost 100 percent of the pledges will be in by the end of the fiscal year.

Payments Made Quarterly

Payments to participating United Fund agencies go out quarterly with each agency getting an amount equivalent to its need in proportion to contributions.

Thomas listed some of the larger benefactors: Boy Scouts, $2,337.50; Salvation Army, $1,001.75; American Red Cross, $3,339.25; Cameron Library, $1531; and Girl Scouts, $834.80.

In other action the Fund directors voted for a fiscal year calendar of July 1 to June 30, officials said. Present officers and directors will hold office until June 30, 1958.

Lester Williams, budget committee chairman, reported that his committee would be ready soon to receive requests for participation in this year's campaign.

Requests Required

Organizations seeking aid from the United Fund must appear before the budget committee, he said, to show cause and justify the amount requested. He emphasized all requests must be heard and budget set before the annual fund drive.

Directors also elected Mrs. W. P. Triggs to the board to replace Mrs. Fred Switzer who recently moved to Taylor.

Billy Peck Takes Manager's Post At City Theatres

Officials of Cameron Theatres, Inc., have named Billy E. Peck, 11-year veteran employee with the organization, to succeed Dean White as manager of the two theatres here.

White, former manager, last week resigned his position after 25 years with the local theatres, to take a sales position with Hefley-Stedman Motor Co.

Peck will assume managership of the downtown Milam Theatre and the 77 Drive-In.

A native Cameronite, Peck graduated from Yoe High School and attended Sam Houston State College and Southwest State Teachers College, San Marcos, for one and one-half years.

He started ushering at the Milam Theatre 11 years ago, then moved to a projectionist position.

Peck is married and has one son, Michael, seven months. The Pecks live at 1700 N. Hoover.

He served 19 months in the Navy medical corps during World War II.

New Bar Officers Elected Here Friday

The Milam County Bar Association met Friday morning in the District Courtroom to elect new officers.

They are President Jack Prescott and Secretary-Treasurer Leonard Allen, Rockdale.

CofC Elects Siebman President

Henry Siebman, TP&L district manager, Friday received an unanimous vote of CofC directors to become president of the Chamber succeeding Ben Magness who moved to Bryan July 1.

Former first vice-president, Siebman is vice-president of the Cameron Rotary Club.

Hilliard Thomas, city banker, was elected first vice-president and Leo Fuchs, Cameron poultryman, was elected second vice-president.

To Sponsor Queen

Chamber directors also voted to sponsor a queen from Cameron to represent the Chamber at the Texas State Fair, Dallas next fall.

No selection has yet been make

The Cameron queen will represent the city on East Texas Day at the fair. She will be on television and radio.

Other highlights of her trip will be a personal appearance in the Cotton Bowl with other candidates from East Texas cities and a reception among other appearances during the day.

To Provide Entertainment

Directors also voted to provide entertainment for the host Cameron Saddle Club before the group leads off the 1957 trail ride 6 p.m. September 26.

The Chamber will sponsor the entertainment or orchestra the night before the trail ride begins either at a street dance or a dance at the city airport.

The group also discussed recent announcement of the new National Guard Armory and new industrial prospects in Cameron.

'Rain, Rain Come Again . . . .'

The question of rain, the need for it this month, has come up again.

In May and early June Milam County and all of Central Texas received too much . . . probably par for the unpredictable weather course.

It seems no one can predict what the weather will do, beyond developing conditions a few days ahead.

But the drenched earth is becoming scorched by endless days of sun. And county farmers are looking to the skies for more rain to build back the soil moisture that two months ago was the best in years. A two-inch rain in steady proportions would be what the agri-doctor prescribes.

A look at Department of Agriculture predictions for Texas crops, however, indicates that production generally is expected to increase well beyond the low-ebb 1956 year.

The Department forsees wheat to total 33.8 millions bushels this fall, 7.5 millions bushels over 1956. Corn should go to 39.1 millions bushels, better than 1956 production by 11 million bushels.

Oats in Texas will take the big jump this year with a 37.1-million crop dwarfing 1956's 19.2 millions. No set prediction on cotton for Texas has been announced.

Milam County possibly could produce upward to 25,000 bales of cotton this fall with 46,500 acres alloted for production. Corn, maize and wheat also should do well.

Yet the crux of the problem depends upon some rain right now. Who can predict what timely rains would do for county crops already well on the way to a good harvest.

Capitol Report

Statehouse Attracting Sightseers

By Vern Sanford
Texas Press Association

AUSTIN — It's quiet around the Statehouse now, especially compared to two months ago when Legislative issues came to a tense climax.

Groups of sauntering sightseers have replaced the bustling, businesslike crowds that choked the Capitol corridors. They carry cameras instead of brief cases.

But people who are still on the job, like Comptroller Robert S. Calvert, have plenty to ponder. Calvert gave money-worries a jolt by announcing the state is going to have to ante up $6,000,000 more for the teacher retirement system in the coming two years. Increase is due to the teacher pay raise which ups the amount both the state and the teachers must pay in.

Since the Legislature spent to within $80,000 of the state's expected revenue for the next biennium, this new drain means, according to Calvert, that "the poor old revenue fund will hit the deficit column sooner than expected."

"If I had to make a new estimate of expected revenue right now," he said, "I'd have to say we'd end up almost $6,000,000 in the hole." But he added that he hoped the outlook would improve before he's called for another official forecast.

JURY TAKES BREAK

Travis County's grand jury room is quiet too. Jurors are taking a two-weeks "breather," but will resume investigation of the ICT collapse and Legislative bribery charges July 23.

Mid - County Cameron With FML

By FML

Heat is the major news topic about Cameron these recent weeks. Everyone, including FML, is seeking the magic elixer that will dispell heat rash, temper tantrums and grudges againts those having air-conditioned automobiles.

COMMON SCENE — Wife sits in broiling car while husband runs into store. Husband takes longer than necessary (according to wife). She fidgits. The kids fidgit. Husband stays cool just a little longer in air-conditioned store. Kids attempt to escape confinement of roastmobile. Wife fights kids back in. Horn blares. Husband returns to roaring inferno oven-like car blazing with short tempers and over-heated family. Wife exclaims. Husband melts. Kids scream.

Just another street incident anto bellum, post inferno ad nauseum.

CATNAPS — Felines also are stricken, as a Damon Runyon character would say, "more than somewhat" by the torrid temperatures.

Witness one gentle creature by the name of Sno who is apt, quite apt in fact, to outcalculate her owners in ways to beat the heat and a long day out in sun while they're at work.

She is everpresent in the cool of morning for breakfast of cold catfood and milk. But scare she becomes when the putting out time arrives. Best place to start looking is on top of the refrigerator or under the sofa or in the bathtub or behind a windowblind. But you see what I mean. She wants anything but out these summer days. Usually she sees her owners off to work, then heads for the air conditioner which she wishes she could turn on.

At night, she is anything but scarce when the conditioner goes on. With hardly an effort she curls to the top of the machine and languishes in the coolth flowing gently into the room. But she is comfortable though it takes hours for the rest of us to sense the advantages of a cat-draped air conditioner.

THE LITTLE RIVER PHILOSOPHER

LR Thinker Wants To See Money Other Than Hard Kind

By J. A.

The Little River Philosopher discusses money this week, a subject he seems to have mostly a theoretical knowledge of.

Dear editar:

I was out here on my farm yesterday afternoon sitting in the shade of a tree meditating on the hard money policy I understand is now in effect, which puzzles me as the newspapers are full of talk about this as though it was something new, whereas I always thot a hard money policy had been in effect ever since I learned it took a nickel to buy an ice cream cone. Is there any other kind?

At any rate, I got to watching a newspaper blown along the ground and was speculating on whether it would blow over close enough for me to reach it without getting up. I don't mind getting up to get a newspaper if it's time to get up and stretch anyway, but this rush-through-life philosophy never did appeal to me and I kept sitting there and sure enough the wind maneuvered it around and finally it did land right at my feet and I reached out and got it and opened it up and ran into a hard money article that disturbed me.

According to this article, a financial expert in Washington, testifying before a Congressional committee, admitted that higher interest charges on home mortgages "might have increased monthly payments to home buyers by as much as $10 a month, but if that helps to hold down other costs, and I think it does, it is well worth while."

As I understand this, if a man paying for a home has to pay $10 a month more for interest, he's better off. He won't get through paying for the home any sooner but it'll save him money because he can thus spend $10 less for groceries or clothes or a television or gasoline or other essentials.

This seems to me to be a brand new theory of saving money, and while I don't quite understand it, it sure seems like the only answer to the high cost of living. If you pay more for one thing, you naturally have to pay less for something else, and it's a fine theory if more stores would adopt it. For example, if a pair of shoes costs $4 more than I expected, I would not mind if the meat market would recognize this Washington expert's theory and knock off an equal amount on steak. I don't mind paying $10 more for a Tractor tire if I can pay $10 less for gasoline, although if the experts really want me to get ahead, they could go one step further and shave $12 instead of $10 off the latter, or whatever item it is I'm buying, and give me a margin to play on.

I have found though that when a theory comes up against hard money, hard money generally wins.

Yours faithfully,
J. A.

Milam County's FARM SCENE

40 Join In Annual Swine Tour As Two Win Weight Contests

The annual Milam County swine tour was taken Friday with about 40 persons attending. The tour visited the 4-H Sears swine, the Farm Bureau gilts and some swine breeders.

The projects visited included Wayne McLerran, Montie Mueck, Eugene Glaser, Pat Wallace, Linda Winfrey, Carolyn Von Gonten, Benard Jungmann, Martin Jistel, and Dennis Moraw, who have Sears swine projects. Gwendolyn Jistel and Norma Jean Rummell, who have Farm Bureau gilts, were also visited.

Swine farms visited were: W. J. Cargill, Davilla, whose feeding program was of main interest and Henry Richter, whose pig parlor was the main interest.

A lot of interest was created by a weight guessing contest in which the tour members participated. The club member who had a swine project weighed his pigs. As each project was visited, the members of the tour guessed the weight of the pig.

The contest was divided into a Junior and Adult division. Winner of the Junior divison was Carolyn Campbell, Rt. 2 Thorndale, who guessed a total of 1361 pounds out of a correct total of 1362 lbs. on nine head of swine. Carolyn was presented a prize of a sack of feed by Leo Fuchs of Ideal Hatchery.

Winner of the Adult division was Robert Jungmann, Rt. 2, Buckholts, who guessed a total of 1372 lbs. and received a sack of feed from Carl Lindloff, representative of Red Chain Feed Co.

A special award was presented to the club member who exercised the best management practice by W. B. Collins from Kimbell Milling Co., Clifton. Martin Jistel, Rt. 1, Cameron, was the winner and received a sack of feed.

Members making the tour were: Mr. and Mrs. Alvis Campbell, Gerald Campbell and Carolyn Campbell, Thorndale; W. J. Cargill and William Cargill of Davilla; Robert Jungmann, Arvell Jungmann and Bernard Jungmann, Buckholts; Hubert Jistel, Richard Jistel, Dennis Jistel, Martin Jistel, Gwendolyn Jistel, Cameron; C. H. Von Gonten and Carolyn Von Gonten, Buckholts; Arnold Glaser, Eugene Glaser, James Edward Glaser and Carroll Glaser of Buckholts; J. P. Fuchs and Jeannette Fuchs, Buckholts; A. L. Rummell and Merlene Rummell, Cameron; Pat Wallace, Buckholts; Wayne McLerran, Dennis Moraw and Leo Fuchs, Cameron; W. B. Collins, Clifton; Carl Lindloff, Temple, County Agent J. D. Moore and Ass't County Agent Bennie Whiteside.

July Crop Status

Cotton Acreage Less In '57 Over State, County Agent Says

Cotton acreage in cultivation July 1 (State wide) is placed by crop reporting board at 6.2 million acres, according to J. D. Moore County Agnet. This is one-eighth smaller than 7.1 million acres a year ago and compares with the 1945-55 average of 9.1 million acres.

Except for the 6 million acres in cultivation July 1, 1945, this year's acreage is the smallest since 1895.

Due to cotton acreage going into the Soil Bank and the continued overflows in Milam county, we expect an all-time low acreage to be reported here for 1957, Moore said.

The county cotto ncrop continues to hold up very well considering the 100-degree weather. Insects have caused some additional poisoning but seem to be under control.

Feed crops have suffered most from the heat. Corn will make fair yields on good land while corn on the lighter soils will be cut short. The same opinion will hold true for grain sorghum.

Maize, Corn Due Soon

Maize and corn harvest will not start before the first part of August. Haybaling is well under way and some good hay is being stored. Mr. M. J. Sparks, who farms just south of Cameron on the Salem road, has harvested 3 good cuttings of good quality alfalfa hay.

Silage cutting is getting under way and is being stepped up a little due to the weather.

In summary, Milam county will produce a much better feed crop than last year. This in turn will greatly strengthen our cattle and livestock herds.

If we come out with 40,000 acres of cotton and average 1 bale to 3 acres, we will do as well as we did last year. We produced around 13,000 bales last year according to recent figures from Austin.

ARMY WORMS DAMAGE LATE FEED

Farmers are cautioned to be on the alert for armyworms damage to late maize, corn and hegaria, reports J. D. Moore, county agent. Several farmers are applying poison now in an effort to save the late feed from these worms. The most noticable damage is light streaks and holes eaten in the leaves of the plants. Best results are obtained if poison is applied when the worms are small. Toxaphene-DDT (2-1 mix) will give fair control if one quart is applied on young plants with a heavier dosage used on larger plants.

COTTON BOLL WORMS

The time is at hand for the appearance of the boll worm in cotton. This is one insect that will do to watch. Farmers are advised to examine their cotton at lease twice weekly for the boll worms. It is necessary to inspect small bolls by examining under the shuck and in some cases under the base of the cotton bloom where it is attached to the small boll. If the boll worm can be found while it is small, much better results can be had by poisoning with DDT at the rate of 1 to 2 lbs. of technical material per acre.

If farmers get too busy and do large, control measures are not too effective and damage will be heavy.

Agent's Notes

Good Egg Care Pays Off When Mercury's High

By J. D. Moore

Proper care of eggs during hot weather will pay. If the hen is eating proper feed, practically all eggs are grade A eggs when laid. Heat is the greatest factor in causing low quality eggs.

Eggs should be cooled to 50 to 55 immediately after gathering in a wire basket. Producers cannot afford to sell eggs grading lower than "B" grade. Our graded egg program continues to pay off. The graded egg price now will average 4.8 cents per dozen above current receipt egg prices. The graded egg program in Milam county was six years old in July.

This program is very modern in every respect and is set up according to the very best marketing standards. It enables the consumer to get the quality product they are entitled to and at the same time pay the producer a premimum for the product. This program has brought near $100,000 new money to Milam county producers during the past 6 years.

A meeting will be held at the Municipal Building in Temple this Friday, July 19, at 1:30 p.m. to explain the new state egg law. This meeting is of importance to all those who buy eggs for retail or re-sale. This law will not affect producers who sell their eggs to local people for direct consumption.

This law enacted by this past legislature will be administered by the State Department of Agriculture. Cal Wallis of the State Department and F. Z Beanblossom of A & M College, will discuss the program and answer questions concerning the law.

Charanza Completes Recruit Training

SAN DIEGO, Calif. (FHTNC)— Lawrznee G. Charanza, son of Mrs. Mary Tindall of Cameron, graduated from recruit training July 6, at the Naval Training Center, San Diego, Calif.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

Bounty-jumper was a term used during the Civil War to denote men who enlisted in the U. S. Army to receive the government bounty, then deserted.

Invalids, Mentally Deranged May Receive Aid Through Special Fund

Complete, permanent invalids or persons so mentally deranged that they require continuous oversight to keep from harming themselves or others soon may be able to receive small monthly checks from the State Department of Public Welfare through a new state-federal program.

A constitutional amendment, adopted by the voters in November, 1956, appropriated 1.5 millions per year, making aid possible only to those who are helpless and have no relatives to support them.

John P. Boyd, Jr., welfare supervisor of this area, pointed out if is the only welfare program which requires consideration of the ability of relatives to support. The law defines "responsible relatives" as children, parents step-children, step-parents, brothers and sisters.

The "permanency" and "totality" of the disability will be determined by a state reviewing physician after study of a complete physical or mental examination physician. Complete helplessness from a medical standpoint, rather than inability to work, is the criteria. The state will pay the private physician for his examination.

Funds for assistance payments will not be available until September 1, 1957, but applications will not be able to leave home, the persons responsible for his care may come to the local welfare office and acquaint the Department with his situation.

A Field Worker will then call, as soon as possible, at the home to take the application.

Offices are located at 112 West Second Street, Cameron, and applications are accepted each Monday.

July Brings Demand For Peach Dishes

By Julia Hunter

July is peak month for peaches Just the word "peaches" brings visions of mouthwatering dishes. You may think of peaches and cream, of spicy peach cobbler of peach ice cream or of any one of a great number of golden good dishes.

Serve the family an old-fashioned treat-fresh peach short cake. Make your favorite pastry recipe, roll the pastry to ⅛-inch thickness and cut it into 3-inch squares Place the squares on a baking sheet and prick them with a fork. Bake in a hot gas oven (425 degrees F.) 10 to 12 minutes. Remove from the oven and spread the squares with butter or margarine. Arrange shortcake fashion with sweetened sliced fresh peaches. Top with whipped cream and dust with cinnamon.

Peach Tarts Supreme can make any party a success. Place a peeled sweetened fresh peach half in each of 6 unbaked pastry tart shells. Mix with a rotary beater, one-third-cup brown sugar, tablespoon cornstarch, ¼-teaspoon cinnamon, 1 egg, 1 cup sour cream.

Pour mixture over peach halves Bake in a moderate gas oven (375 degrees F.) 15 minutes. While tarts are baking, combine -cup shopped pecans, ¼-cup brown sugar, 2 tablespoons soft butter or margarine and 1 tablespoon light corn syrup. Spoon mixture on tarts. Continue baking until filling "sets," about 10 minutes. Serve warm or cold topped with whipped cream.

For future reference, put up peach preserves. Cut peeled peaches in halves, quarters or eighths. Add two cups sugar to each four cups prepared peaches, arranging fruit and sugar in layers. Let stand 8 to 10 hours or until syrup forms. Boil over full gas flame until preserves are thick and clear. Remember, they will be thicker when they are cold. Pour into hot jars and seal with paraffin.

RECIPE OF THE WEEK

PEACH KUCHEN: Sift together 2 cups sifted flour, ¼-teaspoon baking powder, one-half-teaspoon salt and 2 tablespoons sugar. With a fork or pastry blender, work ½-cup butter or margarine into the sifted dry ingredients until the mixture looks like coarse corn meal.

Pile mixture into an 8-inch square pan. With hands, pat an even layer over bottom of pan and halfway up sides. Place 12 peeled peach halves over mixture cut side up. Combine 1 teaspoon cinnamon and ¾ cup sugar and sprinkle mixture over peaches.

Bake in moderately hot gas oven (400 degrees F.) for 15 minutes. Combine and pour over peaches 2 egg yolks and 1 cup heavy cream. Continue baking 30 minutes. Serve warm. Makes 6 servings.

Henry Dryers Family Gather For Birthday Celebration Sunday

Mrs. Henry Dreyer honored her husband with a birthday party and family reunion at the Cameron City Park last Sunday afternoon.

Mrs. Dreyer served a turkey dinner and three tier birthday cake to the following guests: Mr. and Mrs. C. H. Dreyer of Brenham, Mr. and Mrs. Almer Dreyer, Ft. Worth, Mr. Arther Dreyer and Mrs. Gurtrude Bourne, both of Dallas, Mr. and Mrs. Gene Dryer, Mr. and Mrs. Leroy Dreyer, their son, Jimmy and twin daughters, Joan and Janet, all from Houston.

Also Mr. and Mrs. Fred Dreyer and their son, Freddy Ray, and daughter, Janice of Freeport, and the Dreyer's niece Beverly Ann King of Cameron.

The piccolo is the highest pitched of all instruments.

Company's Pony Hitch To Appear In Parade Here

The Lone Star Brewing Company's Shetland Pony Hitch will perform in Cameron, during the Cameron Horse Show, July 19, according to information released today.

The matched Shetlands, according to Lincoln Mondrik, Lone Star distributor for Milam County, have been acclaimed throughout the State and are considered to be one of the finest teams of Shetland ponies ever trained for exhibition performances.

Each of the eight Ponies, comprising the hitch, is approximately 35 inches high, and are matted dapple-grey thoroughbreds. The Ponies are harnessed to a miniature reproduction of an old Western Covered Wagon.

Each of the Ponies is dressed in Western Style, sporting a six-shooter on his right hip and a ten gallon hat atop of his head.

The silver studded harness was especially custom designed for the Pony Hitch.

They will be driven by their Trainer, "Fuzz" Plunkett, San Antonio.

Weather permitting, the team will be brought to the courthouse square following the parade.

Chemicals Control Bindweed

Bindweed spots in cotton fields can be controlled with chemicals. Fred Elliott, extension cotton specialist, advises growers to contact their local county agent for details on a control program.

Break Good Idea

Take the advice of the Texas Farm and Ranch Safety Council and take a break from farm work in the mid-morning and mid-afternoon hours. This 10 or 15 minute break from work routine will reduce accident possibility and also improve work efficiency.

Air conditioning was first used in a cotton mill in 1906.

Nine Register In June For Draft While Two Await Induction Orders

Registration for the month of June was lower than usual as nine registrants who reached 19 reported, according to draft board officials.

They are: Monty Olson McDaniel, Donald Lee Shavers, David Lee Wright, William Henry Dockall, John Garcia, Walter Barkley Garner, Ruben Granado Mendoza, Timothy Galban and Arthur Ray Locklin.

Two men were ordered for induction on July 23.

They are Woodrow Burgess, Jr., Eddie Wilkerson, and a third man to be ordered after the July 14 meeting of the board.

Twelve men were ordered for preinduction physical examination — Edwin Frank Mueck, Curtis Rhodes, Jr., Frank Hinostrosa Ramion, Marvin Howard Lindsey, Walter Lee Fisher, Louis Lee Colbert, Carl Willard Turner, Raymond Howard Reese, Elmo Pinchback, Jr., Dan Lawrence Gilbreath, Gilbert Lee Felfe, and Billy Frank Davenport.

These men will be forwarded to the Dallas Examining and Induction Station on July 23. Those going for preinduction physical examination will return to their homes the next day to await advice on results of the examination.

The Milam County quota for induction in August calls for three men to be inducted on August 21. Orders will be mailed about July 30.

The regular meeting of the board will be held on July 14 and action on student files will be taken on July 14 instead of July 15 as originally announced. Those students who have not submitted necessary evidence, or whose school has not forwarded a report on scholastic standing, are urged to take care of this matter without further delay.

The board cannot grant student deferment or extended deferment without the evidence on which to base such action, officials said.

Rebuild Hay Crops

E. M. Trew, extension pasture specialist, advises farmers and cattlemen to rebuild hay stocks. Hay is an essential part of most successful and well-rounded forage programs. When cows are grazing plants that are 80 to 85 percent moisture they do not get enough dry matter to satisfy their body requirements. Trew says, having plenty of good quality hay takes planning and work, but it is like having money in the bank.

Robert Wheeler Serving With AF At Chanute Field

Robert L. Wheeler, son of Mr. and Mrs. R. L. Wheeler Sr. of 1005 North Travis, is currently a member of the 3374th Student Squadron at Chanute AFB, Illinois studying to be an Aircraft Mechanic (Jet, over two engines) in the United States Air Force.

Airman Wheeler, orginally assigned to primary basic training at Lackland AFB, Texas, will continue his military studies for 18 weeks at Chanute.

Chanute "The Pioneer Technical Training School of the Air Force" has more than 80 courses designed to produce aircraft operations and maintenance specialists.

Airman Wheeler, is being offered the best possible training to prepare him for an important role in the overall mission of the Air Force.

Vacancies Await Army Volunteers In 2nd Armored

A limited number of vacancies in the 2nd Armored Cavalry Regiment will be filled ruing the next three months by volunteers from the Fourth United States Army area, it was announced today by Sfc. Leo A. Dermody, U. S. Army recruiter.

The regiment, now stationed at Fort Meade, Maryland, is scheduled for reassignment to Europe this summer under the Army's unit rotation policy.

"Only men who have not had prior military service are being accepted at this time," said Sfc. Dermody. "Volunteers must enlist for a minimum of three years, and must meet high mental and physical qualifications."

Those qualifying will be enlisted for direct assignment to the 2nd Armored Cavalry Regiment, and after initial processing will procede to Fort Meade for both basic and advance training.

The new enlistment option enables a young man to join a distinguished Army unit, assures him of foreign travel opportunities, and enables the volunteer to have complete knowledge of his assignment while in the Army. The plan also allows buddies to enlist together and reamin together throughout their tour of duty.

Announcement of the 2nd Armored Cavalry Regiment as a "Gyroscope Unit" in the rotation policy offers men two enlistment options for European assignments. The 4th Armored Division, currently stationed at Fort Hood, Texas, is also accepting direct enlistments for its ranks prior to transfer to Europe this fall.

2 OJT Students Win Certificates

Beverly G. Poole, sixth grader and Velma Ree Clayton, fifth grader, both of O. J. Thomas School, were awarded certificates of excellence for perfect spelling papers in spring school competition.

The awards, made by the State Interscholastic League, will be presented in ceremonies following the opening of school this fall.

Emeola E. Greer, OJT fifth grade teacher, coached the two students.

Theodore Roosevelt was the first American hero to have ticker tape dumped on him as he rode in a parade.

ATTENDING SUMMER CAMP—Kneeling, right is David W. McLain, son of Mr. and Mrs. G. W. McLain, 1100 E. 10th St., as he and four other ROTC cadets at Fort Lee, Va., look over a walkie-talkie radio set. Kneeling, left, is Webb Sowden. Standing, from left, are Donald M. Mittledorf, Hanford H. Linhardt and John E. Chapoton. McLain, a senior at Texas A&M this fall, is among 254 cadets attending the ROTC summer camp which lasts six weeks.

HEALTH HINTS

By
Dr. J. E. Boyce, DC

Have you ever stopped to consider what keeps you living — moving about in your daily work, making a living? Have you ever wondered why you or some member of your family is sick, when the others with whom they live and associate are not affected?

When the body resistance is lowered one is more subject to disease regardless of the name it may be given. Lowering of the body resistance is due to a part or parts of organs and glands in the body not functioning properly. To have supply of oxygen and a proper amount of nutrition, which is carried by the blood stream. A hindrance or blockage of either may cause disease. Very often the cause if found to be a defect in the nerve supply. Pressure upon nerves interfere with the flow of vital nerve energy.

Case 432, A Hearne man, age 37, suffered with the worst form of asthma for 20 years. Each day and night had become a horrifying experience. He had not slept in a bed for months. He had taken all the known "cures" doctors had advised. Patient had given up hope of ever being relieved, until the cause was located at this office and nerve pressure existed in the spine. Adjustments were given and within a few short weeks he was sleeping and living better, and today is enjoying the best of health. Don't wait - investigate. Phone 1306.

"Satisfactory Results Plus...."

That's The Success Story Advertising In The Herald Produced for McINTOSH'S

But Let His Own Figures Tell The Story:

And Here Is Pictorial Proof!

This photo of customers checking over McINTOSH'S Merchandise in his July 5 – 6 Sale was taken Friday morning, July 5. Many prospective buyers were waiting for the store to open at 8:30 a. m. Herald Advertising can do the same job for you!

McINTOSH'S

116 S. HOUSTON — CAMERON, TEXAS

July 12, 1957

CAMERON HERALD
CAMERON, TEXAS

Dear Sirs:

Wish to inform you that my ad in the July 4 issue of The Herald brought in satisfactory results plus during the sale that followed its publication.

Actual cash business showed a 12½ percent increase over sales of a comparable amount of merchandise offered in my sale the same week in 1956, also advertised in The Herald.

It is worthwhile to note that in the 1956 sale I featured three times as much merchandise, providing more attraction to customers. In the recent sale I offered only women's dresses and suits and specials on a group of men's sport shirts. The shirts were a sell out.

This kind of dollar return is an incentive for increased use of The Herald as an advertising medium. It is merely good business to advertise where you get results. And that is what I am getting.

Cats Win Earlier, 7-3

ColtsFallToRosebud8-1 On Six-Hitter By Patillo

Rosebud's Billy Patillo held the Cameron IOOF Colts to six hits Thursday night as Rosebud romped to an 8-1 victory over the Cameron club in Pony League play.

In a game July 9, the Rotary Cats had dropped the same Rosebud squad, 7-3, with Pitcher Carroll Fikes leading the way at plate.

Thursday's contest saw Rosebud catcher hit a three-run homer in the sixth inning for the game's big blow. Patillo struck out 18 Colts to tie the Cats' Fikes single-game record.

Fikes has 80 total strikeouts while Patillo has 70.

Wolston Singles

The Colts scored their lone run in the sixth when David Wolston singled and then scored after stealing two bases and going home on a passed ball.

Steve Malone and Stanley Sommers pitched for the Colts, Malone taking the loss. Patillo was the winning pitcher.

In the July 9 game, Fikes homered over the left field fence in the fourth and doubled in two runs in a big four-run fifth inning.

He struck out 10, raising his total to an even 80 strike-outs.

Leftfielder J. Borden drove in two of Rosebud's runs with a single in the second inning. First sackman Cunningham scored Rosebud's final run when catcher Bobby Griswold's low throw got by Secondbaseman Robert Mann, going into center field.

Fikes took the win, his fifth, against one loss. Patillo was losing pitcher to even his record, 2-2.

Yanks, Braves Win Thursday LL Games; Sox Face 1-Hitter

The Yankees slashed the White Sox 18-1 and the Braves edged the Indians 7-6 in Little League competition Thursday at Yoe Field.

Yank pitcher J. Woodum limited the Sox to one hit, a single by M. Provasek in the third inning. But the lone Sox run came on an error and two bases on balls in the fourth.

The game was marked by home runs by I. Galvin and J. Parker. The Yanks collected a total of 12 hits. J. Heitmann collected two doubles while T. Moody clubbed 3 for 5 at bat.

In the Indian-Brave thriller, the Braves pushed across the winning run in the seventh after the game was tied 6-all in the sixth inning. Both teams scored five runs.

B. Partee scored the winning run for the Braves after doubling to center. Big hit for the Braves was a triple by L. Laffaire.

The Indians were unable to get a score in their end of the seventh. B. Dympke was the leading hitter with a homer and a double in four times at bat. M. Lester slashed a triple as did B. Nelson in the fourth.

Colts Nip Cats In Thriller, 7-6

Steve Malone drew a bases-loaded walk off Bobby Griswold in the seventh inning of a Pony League contest at Yoe High Field Tuesday night enabling the IOOF Colts to squeeze by the Rotary Cats by a score of 7 to 6.

Stanley Sommers, who relieved starting pitcher Steve Malone in the third inning was credited with the win.

In the third inning he relieved Malone with bases loaded and one out. After two runs had been scored off Malone, he retired the side without another score.

Bobby Griswold, the Cats pitcher, went all the way giving up nine hits while striking out three and walking five in his pitching debut, but took the heartbreakng loss.

The leading Colts hitters were Chris Gay who went two for two and scored twice and Allen Boyer got two hits.

Charles Staley and Robert Mann each got two hits for the Cats.

Yanks Take 2nd Half Lead In LL Play

The Yankees went into the second-half lead in Little League play Monday night with a 12-1 win over the Braves while the Sox defeated the Indians 11-9.

Yank pitcher J. Heitman cast a one-hit spell over the Braves as Brave R. Moraw was the only man to solve his offerings for the lone hit, a triple. He later scored for the lone Brave run.

Heitman struck out 12 batters.

After going down in order the first inning the Yanks pushed across six runs in the second to take a commanding lead. Four singles sparked the big inning.

Again in the fifth the Yanks found the range to slash four hits for five runs. A triple by T. Moody and doubles by Heitman and B. Tooney paved the way. The Yankees garnered 11 hits.

In the Sox-Indian battle, a four-run ralley in the sixth inning came too late for the Indains. The Sox scored six runs is the last two innings to salt away the win.

Indian pitcher M. Mikula stopped 11 Sox hitters on third strikes while Sox pitcher E. McGoldrick got eight via the strike-out route.

Leading Sox hitter was L. Wright with two singles and a double for the evening. The Indians' McWilliams smashed a homer in his first time at bat and followed with a single for the Indian cause. C. Wallace got three straight singles, and B. Nelson garnered a single and two doubles.
